058/19	<p>Men's Shed Phase 2 To receive and agree a Phase 2 proposal from Men's Shed</p> <p>Further to the Church Crookham and Fleet Men's Shed obtaining National Lottery funding they have also received an offer from Taylor Wimpey of office containers currently occupied by them on site. Following consideration by Men's Shed they have submitted a proposal to the Parish Council seeking support to submit a planning application for a phase 2 to the project. Men's Shed are looking to accept an offer for 2 office containers whilst also seeking to clad them in the same style as the proposed shed thus making the facility look like one building and enabling different activities in a clean environment to take place e.g. art, glass work as well as a kitchenette area for providing refreshments. The office containers and the Shed would act as one building but access would be provided avoiding entering the Shed also.</p> <p>CCPC considered the proposal and suggested that additional natural screening such as a hedge should be provided in mitigation to local residents that may overlook the allotment site. Also consideration would need to be given to any appropriate permissions if the containers were required to be stored temporarily before a second phase was given permission and how they would be disposed of if permission by HDC was not granted.</p> <p>It was resolved to agree to submission of a planning application for phase 2 Men's Shed.
