	<p>As at Wed 13th play parks and outdoor gyms and Peter Driver MUGA remain closed currently until further advice from government.</p> <p>Community Centre Government Regulations on how halls comply with safe opening are not yet available because The Health Protection (Coronavirus, Restrictions) (England) Regulations 2020 are still in place and state at clause 7:</p> <p><i>A person who is responsible for a community centre must ensure that, during the emergency period, the community centre is closed except where it is used to provide essential voluntary activities or urgent public support services (including the provision of food banks or other support for the homeless or vulnerable people, blood donation sessions or support in an emergency).</i></p> <p>In relation to the re-opening of the preschool it is believed that this could be interpreted as permissible as this is the only activity that will be held at the centre and therefore the pre-school will remain self-contained with the main centre remaining locked to the general public and with office staff from the parish council still continuing to work from home at least during June. Bookings have been cancelled for June and customers have been issued with an email to confirm that the centre remains closed during June but that their current time slots remain secure rolling forward until the centre can be reopened.</p>

Facilities Officer has visited the Allotment site and carried out a general inspection with photos of the plots with potential issues (report circulated).</p> <p>It was agreed that:</p> <ul style="list-style-type: none"> ○ no notices should be issued to tenants with untended plots, but that the tenants should be contacted to find out why work has not been carried out on the plots. ○ Plot 130 should have been cleared before being offered to the tenant therefore CCPC should arrange and pay for clearance of the plot. ○ Any warnings issued regarding the state of the site should have tight deadlines and that those deadlines should be adhered to. <p>Proposed GSa, seconded HB 7 in favour, 3 abstentions</p>

The Clerk needs to forward additional issues raised by residents to be added by Taylor Wimpey as part of final works. In relation to Area J (between Allotment and Channer Gardens) this will continue to be included in the transfer with the Clerk to liaise with Hart DC to research the existing drainage system through this area. Area D to be transferred whole and any additional compound requirements for ongoing contractors work to agree use of SANG compound adjacent to allotment site.</p>

Full Council Meeting

	<p>It was agreed to proceed with the legal process of land transfer and associated commuted sums and snags to be completed within 6 months of transfer. Proposed GT, Seconded RM, all in favour.</p>	
<p>9.34pm Cllr M Burford left the meeting (due to technical issues)</p>		
<p>Z074/20</p>	<p>S106 Outstanding deliverables To receive an update on non-delivery of S106 facilities and offer proposed by Taylor Wimpey and agree a way forward</p> <p>Following receipt of offers made by Taylor Wimpey prior to lock down in relation to:</p> <ul style="list-style-type: none"> - The Athletics track and - The remaining LEAP (play area) to be installed at the end of Allamand Close towards Channer Gardens, <p>the TW working party held a very constructive meeting with Hart DC enforcement officers to understand what avenues the parish council could explore to ensure that these remaining facilities are delivered.</p> <p><u>Athletics track</u> In relation to the Athletics track the transfer of the formal open space within the site has not been in compliance with the S106 agreement (it has been transferred piecemeal instead of in one single transfer with no deed of variation raised between parties). Therefore, enforcement through the S106 would prove difficult. However, the track has not been constructed in accordance with the planning permission specifically in relation to the levels/ gradient, but after further investigation the 'as built' is closer to an appropriate running track surface. The Clerk has investigated updated 2020 quotes from the contractor employed by TW in 2018 to report and quote for a proposal to deliver a fit for purpose running track. The costs have escalated and therefore any acceptance of an offer from TW would need to reflect the updated pricing with additional contingencies as discussed between the Clerk and contractor and also to cover for officer management time diverted to managing the project. The Clerk confirmed that there will be a requirement by TW to seek amendment to the planning permission but Hart DC have suggested that this amendment would be supported on the basis that the levels/ gradient need to be appropriate for a running track and for this to be carried out prior to acceptance of the land transfer.</p> <p><u>Allamand Play Area</u> The play area not yet installed had the content and location agreed with Hart DC planning as part of the conditions put aside in 2018 (15/01999/CON) but it became evident that the ground levels in the planned location have proven difficult to deliver the planned park layout. Hart DC confirmed that the LEAP must be delivered in accordance with the S106 play park scheme and would not support reduction in size to a LAP. In Hart DCs view the layout could be amended within the planning limits of the location and suggested support for a change in the scope of the equipment to better suit the gradients/ ground levels. It would appear to be deliverable by TW through constructive dialogue between the developer and Hart DC and the playground contractors to provide an appropriate revised content for the play park to better suit the location.</p>	

CHURCH CROOKHAM PARISH COUNCIL

Full Council Meeting

It was resolved to reject the LEAP offer made by TW and to seek delivery through constructive dialogue between all relevant parties (Developer, District Council and playground installer).

Further to enter negotiations with TW in relation to the Athletics track with a view of taking on the site and final delivery funded by TW and subject to the revised 2020 quote and covering all contingencies and management costs.

Proposed RM, seconded GT, all in favour.

The meeting was closed at 9.55pm.
